

IFAS Project 18142

Building 1400

Horticulture Garden Facility

Sean R. Mountain

Project Manager

UF IFAS Facilities Planning & Operations

Project Specifics

- Building #1400 will replace buildings #0458 & #0455 which were demolished as part of this project.
- Previous submittal to LVL Committee was waived as we did not intend to remove the 32” Laurel Oak
- Due to site constraints, the building could not be relocated / shifted to avoid tree removal
- We would like to propose that mitigation funds be used towards trees along new IFAS Research Drive road project that will connect to Archer Road
