

4.0 Support / Clinical Facilities

Goal	Status	Recommendations
<p>Goal 1: To Provide Sufficient Facilities for Student Services, Administrative, Physical Plant, Clinical, Auxiliary and Other Non-Instructional Functions that Support the University’s Teaching, Research and Extension Mission.</p>	<p>The 2019 Campus Framework Plan (CFP) elevates the importance of high-quality support spaces that enable student success, advance academic and research achievement, promote health and wellness, and contribute to a welcoming campus.</p>	<p>Modify the goal to reflect CFP goals.</p> <p>Goal 1: Provide <u>High-Quality</u> Facilities for Student Services, Administrative, Physical Plant, Clinical, Auxiliary and Other Non-Instructional Functions that Support the University’s Teaching, Research and Extension Mission.</p>

Objective	Status	Recommendations
<p>Objective 1.0: Provide support facilities consistent with the academic support needs of the University and in accordance with applicable space standards and customer expectations.</p>	<p>The 2019 Campus Framework Plan elevates the importance of high-quality support spaces that enable student success, advance academic and research achievement, promote health and wellness, and contribute to a welcoming campus.</p>	<p>Modify the objective to reflect CFP goals.</p> <p>Objective 1.0: To provide support facilities that enable student success, advance academic and research achievement, promote health and wellness, and contribute to a welcoming campus.</p>

Policies	Status	Benchmarks	Recommendations
Policy 1.1.1: The Planning, Design and Construction Division shall maintain a current inventory of support space, and evaluate space utilization and occupancy consistent with the Educational Plant Survey requirements of Chapter 1013.31, Florida Statutes.	Ongoing	Business Services Technical Services maintains the space data inventory and complies with all state reporting requirements including the Educational Plant Survey.	Modify - Change PDC to BATS
Policy 1.1.2: The location of support facilities shall be consistent with the Future Land Use map, Figure 2-1 and Future Building Sites map, Figure 13-1.	Ongoing	Support facilities have been located consistent with the campus master plan FLU and Future Building Sites designations.	No Change

Policies	Status	Benchmarks	Recommendations
<p>Policy 1.1.3: Support facilities that serve primarily students shall be conveniently located in proximity to academic areas, student housing and transit facilities to maximize accessibility.</p>	<p>Ongoing</p>	<p>Support services serving students have been located consistent with this policy as evidenced in projects such as the Reitz Union expansion and new Student Health Care Center. The Campus Framework Plan (CFP) and Housing Master Plan encourage integration of student services with housing, academic, and recreation. The Strategic Development Plan recommends cultural venues reinforce the Existing Cultural Plana and expand to strengthen community aspirations. The Dining Master Plan suggests new direction in dining programs and a new focus on residential dining. The Campus Framework Plan encourages investing in student support facilities that promote health and wellness.</p>	<p>Modify - "... conveniently located in proximity to <u>or integrated with facilities for academics areas</u>, student housing, <u>recreation</u>, and transit <u>facilities</u> to maximize accessibility.</p> <p>Add policies related to cultural, dining, and health/wellness facilities-</p> <p><u>New Policy 1.1.5: Dining facilities shall support residential dining and provide healthy high-quality food options for all patrons that reflect a sustainable and socially-conscious approach to campus dining while retaining affordability.</u></p> <p><u>New Policy 1.1.6: Invest in new and renovated student support service facilities that promote health and wellness in proximity to or integrated with housing and other student-centric facilities.</u></p> <p><u>New Policy 1.1.9: Cultural facilities shall locate for ease of public access enhancing the existing Cultural Plaza area and supporting community goals in off-campus or campus edges from the College of the Arts near SW 13th Street through downtown Gainesville.</u></p>

Policies	Status	Benchmarks	Recommendations
Policy 1.1.4: Support facilities that attract the general public and/or have minimal interaction with students should locate on the campus perimeter adjacent to parking and transit facilities, or in off-campus locations, or at the Eastside Campus on Waldo Road to maximize accessibility.	Ongoing	Support services meeting these criteria have been located consistent with this policy as evidenced by the new Surplus Warehouse on the west portion of campus.	No Change
Policy 1.1.5: Patient clinics shall be designed to effectively and efficiently treat patients in environments that adapt to changing patient care technologies and promote healing through innovative design utilizing natural light, comfortable furnishings and appropriate colors.	Ongoing	Patient clinics are designed consistent with this policy. Facility design guidance is provide in the new Campus Design Guidelines.	Delete
Policy 1.1.6: Begin to develop a student support services cluster north of Radio Road and east of SW 34 th Street consistent with the Future Land Use map, and convenient to student housing and recreation facilities.	Cancelled	The Campus Framework Plan abandons this outdated approach and encourages student facilities to integrated with existing student facilities in the eastern third of campus as described in Policy 1.1.3.	Delete
Policy 1.1.7: P. K. Yonge Developmental Laboratory School shall continue to implement its master redevelopment plan for building renovation and replacement necessary to maintain K-12 space requirements as funding permits.	In Progress	A master redevelopment plan was developed for PKY Developmental Laboratory School in 2007. The new K-5 building is complete and the Middle/High school building is under construction per this plan.	No Change
Policy 1.1.8: The Physical Plant Division shall initiate a study to explore opportunities to increase space efficiency within the compound area north of Radio Road and to decentralize some functions elsewhere on- or off-campus.	Not Completed	While some consolidations have taken place within this area of campus and some new facilities have been added, no comprehensive study has been initiated.	Modify – Change to Facilities Services

Policies	Status	Benchmarks	Recommendations
Policy 1.1.9: The University shall explore the potential to relocate and consolidate facilities from the Civil and Coastal Engineering site on SW 6th Street to the Eastside Campus on Waldo Road thus creating the opportunity to re-establish this SW 6th Street area in a support land use.	Completed	The College of Engineering is completing the final facility relocations from the site. New uses consistent with the Support Future Land Use and Policy 1.1.4 are being identified.	Delete
